Law & Education Department

Sir,

Through the Director of Public Instruction,
and
the District Educational Officer,
and
the Deputy Inspector of Schools,
Gulpi Range.

I have the honour to state that the condition of Kaodi Board Ele.School which was opened with the idea of the subsidy sanctioned in R.O.C. No.737 B.dated 1-6-1932 did not at all improve and the attendance of the School was only 8. It was not possible to select a convenient centre in Kaodi, the village being very extensive a fruit of forest area with thin population here and there. The School was opened with a view to meet the educational needs of the population centres of the village; but ...

the then existing circumstances, it was not worth-while continuing the school in the locality. The School has, therefore been closed from 9-2-31 at the recommendation of the District Educational Officer, outh Kanara. It was a single teacher School and the annual subsidy payable for the School is Rs.252-0-0. The rate of salary sanctioned for the teacher is Rs.15/- per mensem.

2. The Director of Public Instruction in his letter Dis.No.922/31 dated 25th February 1931 has advised the Board to utilise the provision of the above School in opening a school in the Village Trashi which has been rendered School-less by the closure of an aided school. The Patel of Trashi Village was accordingly requested to secure a suitable building for holding the school and to submit a report in the matter; but he has reported that no building is available and that the villagers say that they are not in need of a Board School at present.

3. S.No.53 Vaderhobli Village with a population of 2068 has since been rendered School-less by the closure of an aided School. This School was in existence for more than 40 years and it had a strength of 45 pupils and a staff of 2 teachers at the time of its closure. Formerly there were about 70 pupils and three teachers. The nearest Schools to this village are the Coondapur Aided S.C.Higher Ele.School and the Coondapur Aided Hindu Els.School both of which are situated at a distance of about 6 furlongs from the locality where the Vaderhobli Aided School was being conducted. It is not convenient for all the School-going children of Vaderhobli Village to attend these Schools, as they have to walk long distance and as these Schools have already sufficient strength. Hence a Board School is quite essential in this village. The opening of a Board School here will not in any way affect the

strength

strength in any of the two aided schools in Coondapur town named above.

4. In the above circumstances, I request that the Government may be pleased to accord sanction for the transfer of provision of the Nagodi Board ale.School for opening a school in Vaderhobli Village at as early a date as possible.

I have the honour to be,

To The Secretary to the Government of Madras,

Law(Education) Department.

Sir,

With reference to Government Memo No. 2329 A-1 Law (Education) dated 21-7-32 and 3833 A-1 Law (Education) dated 21-9-32 regarcing transfer of provision of Nagodi Board school to Vaderhobli in the Coondapur Taluk Board I have the honour to submit herewith the letter R.O.C. No. 738 C.T.B./32 dated 23-6-32 from the President, Taluk Board, Coondapur and to stat as follows:

2 The Board Elementary School, Nagodi is reported to have been opened out of the subsidy sanctioned in G.O. No. 757 Law (Education) dated 1-5-1926 and the Board was in receipt of a

sum of Rs. 252 per year as provincial subsidy. As the school was not working satisfactorily it was closed on 9-2-31 on the recommendation of the District Educational Officer. Thereupon proposals for the transfer of provision to Koteshirur were made to me by the President, Taluk Board. As the Population of the village was only 392, and I advised the President Taluk Board to utilise the provision for opening a school in the village of Trashi which was rendered school less by the closure of an aided school. But a private agency has since opened a school in Trashi and ~~so~~ the President Taluk Board proposes to utilise the provision for opening a Board school in the village of Vaderhobli.

3 The village Vaderhobli has two centres Padu Vaderhobli (population 895) and Mudu Vaderhobli (population 902). Two schools one labour and another Board Girls' school are reported to be located in the former centre. There are 344 children of school going age in the village. The distance from Voderhobli village to the nearest school is reported to be 6 furlongs. I support the President, Taluk Board's proposal but would suggest that the President Taluk Board may be advised to open the school at Mudu Voderhobli which has a population of 902 and 154 children of school age.

4 The Board school at Nagodi was closed with effect from 9-2-31. The subsidy on behalf of the school remains unutilised. The subsidy in respect of the school from 9-2-31 up to the date of opening of the school at Vaderhobli will have to be recovered from the Taluk Board. I request that Government may be pleased to direct the President Taluk Board to report the date of opening of the new school to enable me to report the subsidy to be recovered from the Taluk Board from ... 9th February 1931 upto the date of opening of the new school

Sir,

Through the Director of Public Instruction, Madras

I have the honour to state that the condition of the Nagodi Board Ele.School which was opened with the aid of the subsidy sanctioned in G.O.No.757 L.E.dated 1-5-1926 did not at all improve and the attendance of the School was only 8. It was not possible to select a convenient centre in Nagodi, the village being very extensive and full of forest area with thin population here and there. The School was opened with a view to meet the Educational needs of the population centres of the village; but under

the then

the then existing circumstances, it was not worth-while continuing the School in the locality. The School has, therefore been closed from 9-2-31 at the recommendation of the District Educational Officer, South Kanara. It was a single teacher School and the annual subsidy payable for the School is Rs.252-0-0. The rate of salary sanctioned for the teacher is Rs.15/- per mensem.

2. The Director of Public Instruction in his letter Dis.No.922/31 dated 25th February 1931 has advised the Board to utilise the provision of the above School in opening a school in the Village Trashi which has been rendered School-less by the closure of an aided school. The Potel of Trashi village was accordingly requested to secure a suitable building for holding the school and to submit a report in the matter; but he has reported that no building is available and that the villagers say that they are not in need of a Board School at present.

3. S.No. ~~66~~ 53 Vaderhobli Village with a population of 2068 has since been rendered School-less by the closure of an aided School. This School was in existence for more than 40 years and it had a strength of 43 pupils and a staff of 2 teachers at the time of its closure. Formerly there were about 70 pupils and three teachers. The nearest Schools to this village are the Coondapur Aided R.C.Higher Ele.School and the Coondapur Aided Hindu Ele.School both of which are situated at a distance of about 6 furlongs from the locality where the Vaderhobli Aided School was being conducted. D.S.

The President, Taluk Board, Coondapur request~~s~~ that the provision sanctioned for the Board Ely. School, Nagodi (closed from 9-2-31) may be utilised for the opening of a school at Vederhobli. The D.P.I. supports the proposal. It is reported that this village has already two schools, one a labour school and the other a girls school, conducted, apparently, from the funds of the Board. The population of the village is stated to be 1797. The strength of boys & girls in these schools has not been ~~stated~~ given. The question is whether, in addition to the existing two schools another school, ~~the expenditure connected~~ subsidised by the Govt. should be opened in this village. The argument advanced in support of the proposal is that the distance from the place within the new school is to be opened, to the nearest school now existing is 6 furlongs. Generally a girls school is opened in a village if its popualtion is 2000 or more. In the Vaderhobli village the populatin is only 1797. It is submitted that it would perhaps be sufficient, if, in addition to the labour school, provision is made for a mixed school at a convenient centre in the village. The D.P.I. may be requested U.O. to offer his remarks on this suggestion.

U.O.Reply No. 1557 B/32 dt 17.3.33

The population of the village as per the census of 1931 is 2635 and justifies the existence of a separate girls' school. The Inspectress and the President, Taluk Board are of the opinion that parents would be reluctant to send their girls to a mixed school though the President, Taluk Board, is willing to try a mixed school as an experiment. It is reported, however, that accommodation in the girls' school is just adequate for the present strength and that until this is improved it would not be possible to try the experiment. In the circumstances therefore the opening of the boys' school may be sanctioned, the President, Taluk Board being advised to amalgamate it with the girls' school as soon as additional accommodation is secured.
